

With the biggest wealth transfer in history currently taking place, \$84 *trillion* is set to change hands in the coming generation. Including nonprofits like Ekone in this great resource reallocation has incredible potential to build a kinder and more beautiful world.

The Long Haul Legacy Circle is a group of visionary donors who have included Sacred Earth Foundation (SEF) in their estate planning. Through a bequest or a beneficiary designation, these donors are investing in the future of Ekone's work and leaving a legacy of belonging, stewardship, and hope!

## What is the Cornerstone Match Donor?

This is a powerful way to inspire people to join the Legacy Circle! **Here's how it works:**

- A Cornerstone donor pledges ten \$5,000 cash gifts to SEF, for a total of \$50,000.
- Every time a new Legacy Circle estate gift commitment is made (of any amount), the Cornerstone donor releases one \$5,000 cash gift to SEF.
- That allows us to tell THIS compelling story to potential Legacy Circle members:

*"If you include Ekone Ranch in your estate plans for a gift of any amount, another donor will send us \$5,000 today! It's long-term stability AND near-term operational support for an organization you love."*

To date, three Cornerstone donors have inspired 30 Legacy Circle commitments, with a conservatively-estimated combined value of \$580,000 in bequests coming to SEF in the future. And the \$150,000 in matching funds has provided vital operational funding for today's important work.

## Our Ask To You

**Would you like to be our next Cornerstone Match Donor?** With your support, we're ready to talk to dozens of Ekone friends who we expect to say YES with an estate bequest, inspired by you! Your gift will provide critical operating support this year, and its impact will multiply in years to come.
